RE: Letter of Recommendation

To Whom It May Concern

This letter is written to offer my whole-hearted endorsement of Eduardo Paris. I have worked with Mr. Paris over the past five years. In that time I have seen him take on the roles of Engineer, Surveyor, Construction Project Manager, a Design/Build Team Member, Pre-construction Service Specialist, and a General Advisor for the construction project we completed together; The Renaissance on the River, a five story \$25 million mixed use project in downtown Ft. Pierce Florida. As a practicing architect and architectural business owner of 25 years, I found great comfort knowing that Mr. Paris was in command of constructing one of my largest projects. I have also greatly enjoyed the relationship and have been enriched by teaming with him on this project.

Mr. Paris' vast knowledge, dedication and honesty places him as one of the top Construction Project Managers with whom I wish to work, and I am pleased to be able to recommend him to anyone needing a reliable and talented construction manager to successfully complete their project.

Sincerely,

Powell Design Group, Inc
